

Ramiro F. Prialé

CV & NOTES

March 24th 2020

EXECUTIVE SUMMARY

I am a highly qualified professional with a European Diploma of Advanced Studies and Ph.D. candidate in Economics and Business Management at the University of Seville, Spain; published author, a university professor with fluency in English and Italian, and very extensive relations within the political, public and private establishment in Perú. International experience includes over ten years working as a consultant in the United States, in the corporate sector, the American international cooperation agency – USAID – the WHO/PAHO and IICA/OEA. I come from a prestigious Peruvian family of doctors, professors, congressmen, and legislators, with almost 200 years of presence in Perú.

My background includes over 20 years of experience in Information Systems design, applied informatics and project management. I have been involved in the management of international information systems projects at UNOP, IICA-OEA, and Pan-American Health Organization – PAHO/WHO, Washington DC since 1993. Nominee candidate to the Parvin Program Fellowship of the Woodrow Wilson School at Princeton (1988). I have been the top executive and Technical Director of the Health Information System and Management Information System -HIS/MIS – a 4.7 million dollars USAID project granted to Perú, to build its national statistics health information system (1992). Lecturer at many private and public institutions: ESAN, IPAE, Ebert Foundation, and Pan-American Health Organization - PAHO/WHO, in México, Ecuador, Perú and Washington D.C. USA. Author of PAGUM banking system in 2001 – with intellectual property registered at INDECOPI (Peruvian National Patent Office).

My current experience (last 8 years) in the private sector includes:

- Coordinator for the “Asociación de Consultores y Profesionales Ambientales y Forestales del Perú” owners of the Concesion No 16-IQU/C-CON-RI-001-08. The amazon Cotuhé river concesion for nature conservancy is the largest of Perú +224, 632 ha.
- Manager of Community Relations of Agrovision Corp – a 9,000 Has. USD 130MM American capital agribusiness development in Perú.
- Former Consultant to Arena Verde SAC – a Peruvian branch of Agrovision Corp – I was in charge of social responsibility projects with peasants’ communities.
- Former professor of Entrepreneurial Workshop and Rhetoric & Leadership at the faculty of Industrial and System Engineering of San Martín de Porres University.
